Rajasekhar Kaliki Strategic Advisor

Technologist with 30+ years of experience at Google, NetApp, and Cisco, building AI and data-driven solutions for education, health, and governance.

Our Products

Connected set of applications designed to simplify admissions, daily operations, and parent communication.

AdmissionOS App

Manage the complete admission journey from enquiry to enrolment in one simple system.

- Track enquiries and applications
- Follow-ups with status updates
- Improve admission conversion

Institute Core

Built for school management, teachers, fee collectors, and principals to manage students, classes, attendance, and fees in one platform.

- Students, teachers, and class management
- Attendance and fee tracking
- Daily operations in one place

Parent App

Give parents real-time access to attendance, fees, notices, and important updates.

- Attendance and fee updates
- Notices and alerts
- Better parent communication

Key Features

Everything you need to manage admissions, academics, and daily operations in one system.

Manage Admissions

Track enquiries, applications, and admission progress in one organized system.

Manage Students

Maintain student records including profiles, classes, and academic details.

Track Attendance

Record and monitor attendance accurately with minimal effort.

Manage Classes

Organize classes, sections, and subjects in a structured way for better coordination.

Plan Timetable

Create and manage class schedules for better coordination.

Manage Exams & Results

Handle exams, marks entry, and report cards in a simple workflow.

Manage Fees

Track fee collection, dues, and payments with clear and organized records.

Track Syllabus

Monitor syllabus progress across classes and subjects to stay aligned with academic plans.

Manage Staff & Payroll

Handle staff records, attendance, and payroll processes in a structured way.

Manage Transport

Track routes, vehicles, and student transport details for smooth coordination.

Parent Portal

Give parents access to attendance, fees, notices, and important updates.

Mobile Apps

Access key features anytime through a simple and easy-to-use mobile application.

WhatsApp & SMS Integration

Keep parents informed with instant alerts, reminders, and notifications.

Online Fee Payments

Accept fees online with simple and secure payment methods.
